

Detonation of America's Greatness

Introduction

Within America's education system children are being allured and recruited into the transgender world of puberty blockers, cross-sex hormones, even obtaining surgical amputations of healthy body parts – in spite of their astronomically high suicidal rates.

- From the liberal media to the entertainment industry, from Disney World to big government, children are being seduced to change their gender, defying God's male and female purposes. The Creator is being mocked!
- Companions to this wicked agenda are (1) an extreme and ubiquitous Sodom-and-Gomorrah level of moral depravity in America and (2) the unbelievable observation that all of this is not merely tolerated, but widely celebrated and glorified, by almost all of America's most powerful elites.

Christians who attempt to counter these evils are negatively labeled as "Christian nationalists." This phrase has been recently adopted by big media and left-wing politicians as derogatory to undermine Christian influences.¹

Deeper threats against Judeo-Christian values were noted by the Cultural Research Center at Arizona Christian University. They evaluated over one thousand pastors who were assumed to be moral and spiritual mentors. Stunningly, they discovered:

- Only 37% had a philosophy reflecting biblical principles.
- 62% fell under syncretism (an inconsistent combination of secular humanism and Marxism, even questioning Scripture as a divine resource).

Tragically, only 18% of youth pastors had a strong identity with Bible truth and morals. Most pastors' influences are no longer "by the way of the Cross!"² An echo from the secularized antediluvian world reverberates down to this time. "*As it was in the days of Noe, so shall it be also in the days of the Son of man*" (Luke 17:26).

That makes Ed Brodow's recent book, *America on its Knees*, especially provocative. It begins: "America's strengths are being dismantled by its reckless leaders,"³ shattering especially its religious principles and moral standards.

Without Stabilizing Ideals – Anarchy

A recent dystopic spirit toward America burgeoned after it was leaked that the Supreme Court was likely to overturn *Roe v. Wade*. Left leaning politicians, with major media support, encouraged lawless demonstrations:

- There were illegal protests in front of the Justices' homes. Attorney General Merrick Garland failed to enforce the laws which would have prevented that.
- Then the Senate majority leader, Chuck Schumer, encouraged violence by stating: "I want to tell you, Gorsuch. I want to tell you, Kavanaugh. You have released the whirlwind, and you will pay the price." That threat also violated federal law. Chief Justice John Roberts condemned the announcement as dangerous, to which Schumer brushed it off: "It was misquoted."
- Subsequently, a heavily armed man was arrested for threatening to assassinate Justice Kavanaugh. Not long after, Kavanaugh's wife and children, plus Justice Amy Coney Barrett's family were harassed.

President Biden failed to condemn this outrageous behavior and even fomented its progression by predicting that a "mini-revolution" was coming!⁴ Justice, moral integrity, and sensitivity to existing laws, have "fallen in the streets."

Globally, the calloused World Economic Forum (WEF), which meets annually in Davos, Switzerland, has as one of its many objectives "total control of humanity by reshaping democracies into a global government." Freedom becomes expendable through coercion and suppression to achieve this "geopolitical ideal."⁵

- The WEF has concluded that democracy is an obstacle to globalization.
- A paradigm for international governance with centralized power, guided by only a few non-elected elite leaders, is awaiting implementation.
- The WEF has also proposed that this powerful "controlling group" could also oversee some universal, yet to be defined religious "standards."⁶

Covid lockdowns became an experimental tool to forward its manipulative agenda.

"In 2020 and 2021, cities around the world were subjected to massive and drastic lockdowns, causing job losses, suicides, drug overdoses, isolation, mental health issues, domestic abuse, bankruptcies, and homelessness. During this horrific period, children could not attend school for months and were essentially barred from interacting with other children."

"Despite all of this, the WEF could not hide its love of [these] drastic, life-destroying lockdowns. In fact, it released a video surrealistically called 'Lockdowns are quietly improving cities around the world.' ... this [is a] piece of completed insanity. The video states that 'Lockdowns significantly reduced human activity ... leading to Earth's quietest period in decades,' while showing dystopian images of empty cities and planes stuck on the ground."⁷

This tactic, based on health assumptions only, controlled large blocks of humanity as a “practice run” toward a reimagined world order. One muses: The prophetic “*mark of the beast*” crisis could become equally effective and powerful through societal fears, leading to religious mandates.

“And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name” (Revelation 13:16-17). That prophecy predicts obeisance to a symbol due to centralized power supporting the antichrist!

The WEF even wants to recalibrate the meaning of freedom of speech to be consistent with new cultural trends. Censorship (as is currently happening on numerous social media platforms) has become a tool to restructure thinking. “Everyone will support social activism, nationalism (as the WEF defines it), collectivism, and should then exercise resistance, even rage against past moral norms.”

Perhaps the most shocking plan from WEF’s elitists: You will “own nothing and have no privacy,” which will make life wonderful. You won’t have to think, just do what they say and all your needs will be supplied.⁸ Their idealist plans have no room for the rich ideals of Christianity. God’s way is always invitational to “*choose ye*” whom you will serve. WEF’s plan is “our way is the only way!” History is littered with unimaginable failures from “enforcement” of such ideals. Unless Christ comes soon, not only will America fail, the world will cease to exist.

“For then shall be great tribulation, such as was not since the beginning of the world to this time, no, nor ever shall be. And except those days should be shortened, there should no flesh be saved: but for the elect’s sake those days shall be shortened” (Matthew 24:21-22).

Fearful Tipping Points

Supreme Court Justice Elena Kagan said that the legitimacy of the Court is tied with conformity to public opinion! Stunning – she denies that the Court’s role is to be the final arbiter of the law nor the guardian of the Constitution.

- Kagan is the only associate justice in history who didn’t serve on the bench before ascending to SCOTUS.
- She was nominated by Barack Obama.

How far might *public opinion* influence future decisions of the court? What if these opinions had a selective *religious bent* for some “common good”? This is fearful thinking coming from a federal judicial advocate!⁹

A stunning global decision was made on July 25, 2022! The World Health Organization declared monkeypox as a “Public Health Emergency of International Concern” (PHEIC). This

⁹ https://redstate.com/mike_miller/2022/07/22/elena-kagan-claims-legitimacy-of-supreme-court-is-at-risk-when-it-strays-from-public-opinion-n599795

was made by one man, WHO Director-General Tedros Adhanom Ghebreyesus, who has no medical training.

- 98% of the initial monkeypox cases were among young men who had sex with other men.
- Why is it now a worldwide emergency for men, women, and children?

Few are aware that his declaration could trigger the implementation of an existing International Health Regulatory Agreement between 190 countries. This, in effect, would cede a country's sovereign authority over its own public health response to the WHO.

Making it more tenuous, the U.S. 2022 National Defense Authorization Act (NDAA) effectively moves public health responses to the Department of Defense. That permits the use of force to comply with WHO mandates.

- Will monkeypox vaccines become mandatory? Will lockdowns once again begin? A strange evolution moving toward tyranny is taking shape that is unrelated to this nation's legitimate laws of government or its elected officials.
- All stops are being pulled to bring America and the free world to its knees. Will the November elections this fall even make a difference?¹⁰

Coercion and Control

Henry Kissinger said in 1970: "Control oil and you control nations; control food and you control the people."¹¹

Global Food production and its ultimate distribution are largely under three private industries: Holdings (the world's largest fertilizer company), BlackRock and Vanguard. The CEO of BlackRock, a communist and globalist, Larry Fink, says, "It's time to force people's behavior to change" into the agendas of the WEF.¹² Objective? The populace must become a servant to a system.

Disturbing is the recent report that ninety-five food production facilities were destroyed or severely damaged over a six-month period in the United States between 2021 and 2022. Evidence mounts that this was a planned step to interfere with America's food production.¹³

As the Covid crisis began, the Rockefeller Foundation published a strange document called, "Reset the Table: Meeting the Moment to Transform the U.S. Food System," which became an agenda item for the World Economic Forum.

- “The U.S. food system must be seized and reorganized in the name of ‘social justice,’ ‘environmental protection’ and ‘fairness.’”
- Additionally, “social engineering” moves by that foundation has led “the International Monetary Fund (IMF), the World Bank, the United Nations, the Bank of England, and the WEF to predict a devastating global food crisis in the next three to six months....

“Joe Biden even warned in May that food shortages were ‘going to be real.’

“This appears to be an example of the Hegelian Dialectic, a problem-reaction-solution model the globalists use to impose their agenda on the world.

“Engineer a food crisis by shutting down supply chain routes, reduc[e] livestock quotas, and put... fuel and fertilizer sanctions on Russia, wait for public outcry, then introduce a ‘solution’ to transform the way Americans access food and the food they eat.”¹⁴

Concomitantly, China is hoarding large amounts of grain (especially wheat and corn) and inflating prices amid global food security concerns.¹⁵

Energy availability has become another tool for meddling globalists. It is known that Biden previously revoked approval of the completion of the Keystone XL pipeline. Though claimed as part of his climate agenda, his apparent lack of future solutions to this country’s growing energy demands made this a total powerplay. He then began to eliminate a multitude of tax incentives for oil, gas, and coal production, in favor of electric vehicles.¹⁶ Beyond reason, the energy needed to recharge cars’ lithium-ion batteries is huge! There is additionally a net gain in pollution.

Unbelievable: The emergency Strategic Petroleum Reserve of the United States is being drawn down and sent to foreign countries (including China). The petroleum reserve has fallen to 86% of its 714-million-barrel capacity.¹⁷

The administration’s denial of any blame for the high energy cost is nothing more than sleight-of-hand rhetoric. Biden initially blamed President Putin of Russia and his military actions against Ukraine for this. Analysts saw zero association.¹⁸

The prophet Daniel observed: *“And at that time [period of a great tribulation] shall Michael stand up, the great prince which standeth for the children of thy people: and there shall be a **time of trouble, such as never was** since there was a nation even to that same time: and at that time thy people shall be delivered, every one that shall be found written in the book”* (Daniel 12:1).

- A time of unprecedented global stress and heartaches is ahead – the Bible predicts it.

- There must be, however, geopolitical grooming leading up to this period of time. It is underway.
- God promises that His people will be delivered out of it.
- Again, Jesus said that this final time of trouble will be so severe, it could even threaten the survival of earth's inhabitants (Matthew 24:21).

Be on God's side.

Democracy at a Precipice

Martial Law has been imposed sixty-eight times in this country. Under its mandates, all of the following are possible:

- Inflation devalues one's income and savings enough to where the daily living is seriously impacted.
- Supply chain issues prevent one from living a normal lifestyle or worse, the family goes hungry or without essential items necessary for living.
- Medical supplies are rationed – antibiotics, infusion therapies, or other vital medicines, including insulin are unavailable.
- Gasoline and diesel become so scarce that they, too, become rationed.
- Access to bank accounts, brokerage accounts, and even credit cards become restricted.

Tainted leaders who don't care or don't understand act as though politics permits its citizens to be pawns to their agendas. Many feel that America is moving into its worst crisis in history!

Pope Francis even challenged the "American Idea" that God-given rights are embodied in the Declaration of Independence. He stated that the real path to happiness lies not solely in the defense of "rights" but through the exercise of virtues of justice and charity. This is true, but his advisor explained further what he meant:

- Jeffrey Sachs (special advisory to the United Nations and the Vatican), speaking for Francis, said that what the global elites have planned as international standards will be better than those guiding documents of the United States.
- Then he noted that individual rights must be sacrificed for the greater good – the "common good." This can be accomplished by a world government with a religious face!¹⁹ That is a big problem.

James Dobson, evangelical leader and creator of Focus on the Family, recently said: "The radical agenda the Democratic Party's far left is advancing through President Joe Biden could be the 'coup de grace for America'... America has been guided since the days of our founders by the Judeo-Christian system of values that was rooted in biblical truth. Now, every vestige of that identity is in the clutches of politicians who despise it."²⁰

Get Ready

The story in John 11, where Jesus raised His friend Lazarus from the dead, is one of the most dramatic and heartwarming in the New Testament. Fearful was the reaction of the Jewish authorities to this miracle. Their positions of authority and power were threatened. No one could duplicate this feat – and they knew it.

- Yet, Christ and everything He stood for must be destroyed. *“Then one of them, Caiaphas, who was high priest that year, said, ‘You know nothing at all! You do not realize that it is more to your advantage to have one man die for the people than for the whole nation to perish.’ (Now he did not say this on his own, but because he was high priest that year, he prophesied that Jesus was going to die for the Jewish nation, and not for the Jewish nation only, but to gather together into one the children of God who are scattered.) So from that day they planned together to kill him” (John 11:49-53 – NET).*
- Today, the world’s elites are profoundly threatened by Christianity. It’s future contains periods of tribulation.

The principles of biblical morality have created guilt, stemming from their sinful lives. Attempts to neutralize Christians through shame and self-reproach is occurring through censorship, demonization, cancellation, violence, and loathing.²¹

“And this is the condemnation, that light is come into the world, and men loved darkness rather than light, because their deeds were evil. For every one that doeth evil hateth the light, neither cometh to the light, lest his deeds should be reproved” (John 3:19-20).

Klaus Schwab’s top advisor is Professor Yuval Noah Harari. He has an arrogant “god” complex. He said, “History began when humans invented gods; and it will end when humans become gods.”²²

“The light shineth in darkness; and the darkness comprehended it not” (John 1:5).

Schwab recently said: “What we are very proud of is that we[‘ve] penetrate[d] the global cabinets of countries.... This has been decades in the making and finally they [have] all their puppets in place to strike!”²³

- Strike what?
- Implementation of that World Order, which the Bible says will be successful under the leadership of the antichrist (Revelation 17:12-13).²⁴

Threatening the democracies of the free world, Larry Fink (again, of BlackRock) has been using huge sums of money from its investors to forward China’s geopolitical agenda.

He has an affinity for totalitarian governments. In a TV appearance, he said that “markets don’t like uncertainty,” and that “markets like actually totalitarian governments.”²⁵ Things are falling into place toward the globalism predicted in Revelation 17 and even 13.

- Sympathy for the Judeo-Christian philosophy is fading.

This nation was founded on a bedrock of those principles. It has been divinely blessed. Prophecy reveals, however, that it will move into apostasy and tyranny just before Jesus comes – then it will fall. The warning and promise:

- *“These [centralized world order] shall make war with the Lamb, and the Lamb shall overcome them: for he is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful”* (Revelation 17:14).

“Men are prone to abuse the long suffering of God, and to presume on his forbearance. But there is a point in human iniquity when it is time for God to interfere; and terrible are the issues. ‘The Lord is slow to anger, and great in power, and will not at all acquit the wicked.’ The long-suffering of God is wonderful, because **he puts constraint on his own attributes**; but punishment is none the less certain. Every century of profligacy has treasured up wrath against the day of wrath; and when the time comes, and the iniquity is full, then God will do his strange work. It will be found a terrible thing to have worn out the divine patience; for the wrath of God will fall so signally and strongly that it is represented as being unmixed with mercy; the very earth will be desolated. It is at the time of the national apostasy, when, acting on the policy of Satan, the rulers of the land will rank themselves on the side of the man of sin – it is then the measure of guilt is full; the national apostasy is the signal for national ruin.”²⁶

The American dream is fading away.²⁷

It is in a leadership crisis. Half of its population sees the destructive path of unrestrained amorality, poor economic policies, and hatred of tradition. Lawlessness is poorly contained. Politicians, compromising principles, cling to power. The U.S. has surrendered its freedom of speech to Big Tech and politicians. It even assumes the Bill of Rights protects media smut and filth and the right of men to compete in women’s sports. Instead of reading and writing, schools perceive the right to encourage gender fluidity.²⁸

President Putin, many years ago, in a surprising op-ed article in the New York Times said:

“It is extremely dangerous to encourage people to see themselves as exceptional, whatever the motivation,” Putin wrote. “There are big countries and small countries, rich and poor, those with long democratic traditions and those still finding their way to democracy. Their policies

differ, too. We are all different, but when we ask for the Lord's blessings, we must not forget that God created us equal." Interesting – yet strange considering the current Ukrainian war.²⁹

- The thinking of world leaders is regressive – something terrible is happening.
- Paul notes when writing to Timothy: *"This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy"* (II Timothy 3:1-2).

"There is coming rapidly and surely an almost universal guilt upon the inhabitants of the cities, because of the steady increase of determined wickedness. The corruption that prevails is beyond the power of the human pen to describe. Every day brings fresh revelations of strife, bribery, and fraud; every day brings its heart-sickening record of violence and lawlessness, of indifference to human suffering, of brutal, fiendish destruction of human life. Every day testifies to the increase of insanity, murder, and suicide."³⁰

"In the antediluvian world, human agencies brought in all manner of devisings and ingenious practices to make of no effect the law of Jehovah. They cast aside His authority, because it interfered with their schemes. As in the days before the Flood, so now the time is right upon us when the Lord God must reveal His omnipotent power."³¹

God will soon dramatically step into history. Doors will open for the saving gospel of Christ to be heard by every person – then the end will come. Sin and sinners will meet God's eternal justice.

Be on God's side!
